

Dear all,

In this challenging moment we want to share with you some good news!

We are very happy to invite you to the Sixth Youth Volunteering Fair

named **Equality Fair** which will take place online on Zoom on **April 9th from 3pm to 6pm.**

The Fair, made possible through a financial contribution from the **Regione Friuli Venezia Giulia**, is an excellent opportunity to chat with friends from **other United World Colleges and other schools in the territory**, thus being able to share ideas and points of view on this very important theme.

The topics will be the following:

Religion and culture
Gender equality and sexuality
Social and economic issues
Physical and learning differences
Ethnicity

The event, which consists of some talks and workshops (including one of CLIC Trieste - Psychology and Psychomotricity) are organized by some students from:

United World College of the Adriatic
United World College Maastricht
ISIS "D'Annunzio-Fabiani" in Gorizia
Liceo France Prešeren in Trieste
Liceo Buonarroti in Monfalcone

As you can see from the programme, there are several very interesting talks to which you can participate in by filling out [this form](#).

I am sure we want to support our friends, so sign up for all the Talks and Workshops you want, paying attention to the time (on average, each intervention lasts 40 minutes)

I want to clarify that participation in the Fair does not last for all 3 hours. In fact, it consists of several talks and workshops and you can choose one or more than one at your convenience and at the time you prefer

On our [Cas Website](#), in addition to being able to view information relating to the various workshops and talks, you will also find extra contents that will be added in these days, but it will be a surprise!!!!

“Zero hunger for all people in the world”
Polo Liceale “A. Einstein” Cervignano del Friuli!

Please, feel free to spread the news on your social media and to involve as many people as possible!

Thank you so much for your cooperation! 🌸🌸🌸🌸🌸

PS: On the 9th morning the Zoom links corresponding to each workshop will be added to our site and I will provide you with the passwords you will need!
